ANNOUNCEMENT OF BUSINESS ACQUISITION

I am pleased to announce the acquisition of **Valley View Packing Company** (now "*Valley View Packing*"), as our latest affirmation of commitment to expand products and services to our customers.

This purchase includes the prune business, its brands, the prune juice/concentrate Plant, and prune Dryers located in Yuba City, California, USA.

Valley View Packing brands and products – like prune juice concentrate – will enhance our performance in the market place. We will now be able to offer our customers Whole Processed, Ashlock Pitted, Elliott Pitted and Natural Condition Prunes along with prune juice/concentrate.

Let me assure you, that this will have a limited effect on our relationship with customers and suppliers, as we anticipate a smooth transition with operations.

Attached, you will find a copy of current contact information – changes will be forwarded as they occur.

We are delighted with our new venture, and look forward to passing on the benefits of this new partnership to you – our loyal customers and suppliers.

Best Regards,

Jaswant S. Bains
Sacramento Packing, Inc.
